

MATERIAL SAFETY DATA SHEET

CUSTOM CHEMICALS INTERNATIONAL PTY LTD

103-107 Potassium Street, Narangba QLD 4504 Telephone: 07 3204 8300

Date of Issue: 13/4/05

Facsimile: 07 3204 8311

PRODUCT : MAJESTIC

NOT CLASSIFIED AS HAZARDOUS ACCORDING TO THE CRITERIA OF WORKSAFE AUSTRALIA.

Product Code: 0010091

Other names: N/A

UN Number:	Not regulated	Shipping Name:	None allocated
Hazchem Code:	None allocated	DG Class :	Not regulated
Subsidiary Risk:	None allocated	Poison Schedule:	None allocated
Packaging Group:	None allocated		

PHYSICAL DESCRIPTION/PROPERTIES

Use:	Bathroom cleaner		
Appearance :	Transparent, green liquid	Odour :	Lime
Specific Gravity:	0.93	Vapour Pressure:	Not determined
Solubility in water:	Complete	Flash Point :	Not applicable
Boiling/Melting Points:	90	Flammability Limits :	Not applicable
Other Properties:		pH :	0.8 – 1.5

INGREDIENTS

Chemical	CAS Number	Proportion (w/v)
D-Limonene (solvent)	8008-57-9	0.7%
Citric Acid	77-92-9	4.0%
Sulphamic Acid	5329-14-6	3.0%
Quaternary Amm.Compound	68391-01-5	0.2%
Ingredients considered to be non hazardous	Not required	>90%

FIRST AID:

Swallowed:	DO NOT induce vomiting. Observe the patient carefully. Never give liquid to a person showing signs of being sleepy or with reduced awareness; ie, becoming unconscious. Give water (or milk) to rinse out mouth. Then provide liquid slowly and as much as casualty can comfortably drink. Seek medical advice.
Eye:	Immediately irrigate with copious quantities of water for at least 15 minutes. If pain persists or recurs, seek medical attention.
Skin Contact:	Remove contaminated clothing and wash affected area with soap and water.
Inhaled:	If fumes or combustion products are inhaled: remove to fresh air. Seek medical advice.
First Aid Facilities:	No special requirements
Advice to Doctor:	Treat symptomatically.

WORKSAFE AUSTRALIA CLASSIFICATION

CATEGORY :	Not required
RISK PHRASES :	Not required
SAFETY STATEMENT:	Not required

PRODUCT: MAJESTIC	

HEALTH EFFECTS

ACUTE: A low hazard material generally considered safe if handled in accordance with this MSDS.

Swallowed: Low toxicity. Can result in nausea, vomiting and stomach pain.

Eye: The undiluted product is a mild/moderate eye irritant.

Skin Contact: A mild irritant to skin and mucous membranes. Prolonged contact with the skin may cause defatting and possible dermatitis

Inhaled: Not a usual route of exposure due to non-volatile nature of product. Overexposure to a generated product mist or spray may result in respiratory irritation.

CHRONIC: No data.

PRECAUTIONS FOR USE:

Exposure Standards: No value assigned for the specific material by the National Health and Medical Research Council or by the National Occupational Health and Safety Commission (Worksafe Australia).

Engineering Controls: Ensure adequate ventilation.

Personal Protection: Use good Occupational work practice. The use of protective clothing and equipment depends on the degree and nature of exposure. Have available; Gloves & eye protection (goggles).

Flammability: Non-combustible material.

SAFE HANDLING INFORMATION:

Storage and Transport: Not defined as a Dangerous Good by the Australian Code for the Transport of Dangerous Goods by Rail and Road. Store in a cool, dry place and out of direct sunlight. Keep lid of container closed when not in use. Do not store in mild steel or galvanised containers Product is acidic.

Spills and Disposal: Mop up with absorbent material. Collect and seal in properly labelled containers for disposal. Wash area down with excess water.
Disposal – Refer to State Land Waste Management Authority. Normally suitable for disposal at approved land waste site.

Fire/Explosion: Not combustible.

Other information: Nil

CONTACT POINT: Industrial Chemist - phone: 07 3204 8300

This material safety data sheet is compiled from the best information currently available to the company. The company accepts no responsibility for the accuracy of the information contained in this data sheet, or any results obtained by customers or end-users. Good industrial hygiene should always be used when handling chemicals.
