

# MATERIAL SAFETY DATA SHEET

CUSTOM CHEMICALS INTERNATIONAL PTY LTD

103-107 Potassium Street, Narangba QLD 4504 Telephone: 07 3204 8300

Date of Issue: 13/4/05

Facsimile: 07 3204 8311

## PRODUCT : MARINE SHAMPOO / BODY WASH

NOT CLASSIFIED AS HAZARDOUS ACCORDING TO THE CRITERIA OF WORKSAFE AUSTRALIA.

Product Code: 0010150

Other names: NIL

UN Number:	Not regulated	Shipping Name:	None allocated
Hazchem Code:	None allocated	DG Class :	Not regulated
Subsidiary Risk:	None allocated	Poison Schedule:	None allocated
Packaging Group:	None allocated		

### PHYSICAL DESCRIPTION/PROPERTIES

Use:	Hair Shampoo and body wash for salt water.		
Appearance :	Pearlescent, viscous, yellow liquid	Odour :	Characteristic fragrance.
Specific Gravity:	1.04	Vapour Pressure:	Not determined
Solubility in water:	Complete	Flash Point :	Not flammable
Boiling/Melting Points:	Not applicable	Flammability Limits :	Not applicable
Other Properties:	Made from readily Biodegradable surfactants.	pH :	neutral

### INGREDIENTS

Chemical	CAS Number	Proportion
Ingredients not considered hazardous	not required	100%

### FIRST AID:

Swallowed:	Do not induce vomiting. Give water or milk. Seek medical attention.
Eye:	Immediately irrigate with copious quantities of water for at least 15 minutes. Seek medical attention.
Skin Contact:	Remove contaminated clothing and wash affected area with water.
Inhaled:	Not applicable
First Aid Facilities:	No special requirements
Advice to Doctor:	Treat symptomatically.

### WORKSAFE AUSTRALIA CLASSIFICATION

CATEGORY :	Not required
RISK PHRASES :	Not required
SAFETY STATEMENT:	Not required

**PRODUCT: MARINE SHAMPOO / BODY WASH**

**HEALTH EFFECTS**

**ACUTE:** A low hazard material generally considered safe if handled in accordance with this MSDS.

- Swallowed:** Low toxicity. Can result in nausea, vomiting and stomach pain.
- Eye:** The undiluted product is a mild eye irritant.
- Skin Contact:** A mild irritant to skin and mucous membranes. Prolonged or extended contact with the skin may cause defatting and possible dermatitis
- Inhaled:** Not a usual route of exposure due to non-volatile nature of product. Overexposure to a generated product mist or spray may result in respiratory irritation.

**CHRONIC:** No data.

---

**PRECAUTIONS FOR USE:**

- Exposure Standards:** No value assigned for the specific material by the National Health and Medical Research Council or by the National Occupational Health and Safety Commission (Worksafe Australia).
- Engineering Controls:** No special requirements.
- Personal Protection:** Use good occupational work practice. The use of protective clothing and equipment depends on the degree and nature of exposure. Have available eyeglasses and gloves (particularly if decanting or transferring undiluted product).
- Flammability:** Non-flammable.

---

**SAFE HANDLING INFORMATION:**

- Storage and Transport:** Not defined as a Dangerous Good by the Australian Code for the Transport of Dangerous Goods by Rail and Road. Store in a cool, dry place. Shut container when not in use.
- Spills and Disposal:** Mop up or soak up with absorbent material. Small spills may be rinsed away with water. Large spills should not be discharged into sewer systems. Disposal – Refer to State Land Waste Management Authority. Normally suitable for disposal at approved land waste site.
- Fire/Explosion:** Not combustible. Product will not burn or support combustion. Fire fighters to wear self-contained breathing apparatus if risk of exposure to vapour or products of combustion.
- Other information:** Extinguishing media: water fog, foam, carbon dioxide, dry chemical powder, BCF.

---
